Rotary Ann Maharukh Nariman Rtn. Burjor Nariman President 2021-22

R.I PRESIDENT | SHEKHAR MEHTA DISTRICT GOVERNOR | RAJENDRA AGARWAL CLUB PRESIDENT | BURJOR NARIMAN

JULY - AUGUST 2021

ROTARY CLUB OF BOMBAY MID- TOWN

DISTRICT 3141 CLUB 15496 | MUMBAI, INDIA

From the **President's** Desk

Dear Members,

It's been a very a very eventful first two months that I have taken over as President of our August Club and before I proceed to update you on a few things that have happened and are happening, I wish to convey my sincere thanks to Vicky for the great work done by him in 2020-21 and for the support given by Sapna.

One great attributes of our Club is that the transition from one President to another is seamless and smooth and is a happy one, the team ensures the required support and you're off as you get in to the saddle.

I must acknowledge and thank my team for the great work being done by them and for their support. We are in regular touch and Zoom! is the word.

As I have mentioned to you, there are currently two Projects we are in the process of executing very shorly, the E Learning Project in which we intend to give electronic tablets and connectivity by way of SIM cards in the tablets to underprivileged children in standards IX and X so that they can learn from home online and not be deprived of doing so because their families cannot afford to give them an electronic device to do so. We intend to cover 2 to 3 municipal schools, covering around 150 students to begin with. A few of us have actually attend live online classes being taught and the teaching and involvement of the teachers has been astounding to say the least. The teachers are very committed and enthusiastic and we have been seeking their valuable advice for the project. We endeavor to roll out this project in September.

The second project is the distribution of re -usable sanitary napkins, also known as "Project Red" and is a District thrust project. We are trying to do this in a slum in Mumbai over the next few weeks.

The first saplings in the Fruit tree Sapling Project have been distributed to the farmers and the next lot of saplings are in the distribution pipeline.

We have tried our best to get speakers from diverse fields and we shall continue this endeavor to make it a more interesting experience. Stay safe and wish you'll in advance for the festive Season around the corner.

Editor's Note

BURJOR NARIMAN President

Dear Rotarians

As we embark on another Rotary year under the able leadership of President Burjor Nariman, let us pledge to focus on making a difference to the world around us. Covid has taught us to value what we have and to build on it, whether it is our health or the health of the environment. Let us make a concerted effort in this direction.

Friends, since this Bulletin is an interactive platform, we look forward to your articles and views with regard to your experiences within family or society. We also solicit your suggestions and inputs which can enhance the reading experience, as there is always scope for improvement.

I am grateful to the Bulletin team for the articles and information regarding meetings and projects. A warm welcome to Rotaractor Tulika who has joined our Team as designer. We hope you like the Bulletin in its new Avatar presented by the Team.

Happy Reading.

Warm regards, Alka Ambo - Editor

RCBMT BULLETIN

KNOW YOUR NEW CHIEF

"SOFT HEARTED...AND STRONG MINDED" -Alka Ambo

Burjor Nariman is a man of varied talents and is a people's person, a mentor and friend to all his colleagues and is never shy to share his experience and learnings. He is a team player and gives credit to the ones who try despite odds and weaknesses and lays great emphasis on the strong members in his team helping the weak ones. In his book it's the strong who help keep weak link in the chain rotating at the same speed. He is passionate about his work and is always ready to go that extra mile to complete the assignment on hand to his satisfaction. He is a man of detail sometime to a point of annoyance to some but according to him, God is in the details and he lives by that. Born in Kolkata of a father who was in the armed forces and a mother who was a teacher, he is the eldest of four, he has three sisters. His sisters are all married and two of them are grandparents. His early years were spent growing up in a large joint family, and were very simple yet happy days. He completed a greater part of his schooling in Kolkata and passed the senior Cambridge examination from Bishop Cotton Boys' School in Bangalore. He graduated from Christ College, Bangalore with a B. Com degree. Before he could consider further studies, fate, had other plans for him, and he started working for a large Company in Mumbai and was baptized with overseeing a small department in the finance area at the age of 20 years. His boss believed age had nothing to do with, and it was to do with his head and the matter in it. After a few years at work, Burjor simultaneously started his Company Secretary studies. After qualifying as a Company Secretary his professional journey began. He moved up the Corporate Ladder and into the dreaded territory of Senior Management at a fairly young age. He has worked in various management roles during his career and has travelled widely. He has had a distinguished career and has been and continues to be on the Board of Directors of Companies. Burjor is a member of the Consumer Complaints Council of the Advertising Standards Council of India.

Burjor met Maharukh on a visit she made to Bangalore many moons ago and it was love at first sight, as he was still studying in Bangalore and Maharukh too in Mumbai, it was a long distanceromance during that time. They married in Mumbai. Maharukh is truly the woman behind him and supported his efforts and career every step of the way. Maharukh completed her B.Com. from Sydenham College of Commerce & Economics in Mumbai and thereafter did her banking examination. She has been a banker all her working life and retired as a senior dealer in the treasury operations of the bank. She has

juggled home and work admirably and with very hard work. She is a very conscious of the environment and reads a great deal on the subject, she has done a lot of work in her society for trees and plants.

Maharukh & Burjor have a daughter Diana, she did her schooling and college in Mumbai and completed her Business Management from Indian School of Business, Hyderabad. She is a Vice President in a leading private bank in Mumbai. Arzan her husband, is a counsel in the Bombay High Court.

Burjor is an avid photographer and it is his passion, and has won many laurels for his photography over the years. He has done a course in Photography. He does all types of photography and now mainly does landscapes, wildlife, bird and travel photography. He has published a coffee table Photobook on Bhutan. He was approached by an organization to microfilm old valuable books which were in a state of tatter, those days such a task was difficult as microfilm was hard to come by in Mumbai and so was the chemical formulation to process the film. Burjor tookthis up as a challenge and completed the work with the help of late Mitter Bedi, the well known Photographer who guided him in procuring the film and the right mix of chemicals to process the film. Cycling to school and on household chores at an early age has endeared him to cycling and he still cycles for pleasure and fitness.Burjor enjoys sport and has represented his school, college and in athletics, cricket and hockey in various inter school, collegiate and district tournaments. Burjor joined our club in 2013 and since then he has involved himself in various projects and events, being employed full time at the time, he would still try and attend as many meetings as possible. He took over as the Hon. Secretary of the club in 2019-20 and is the president of the club from July 2021. - Alka Ambo

CLUB PROJECTS

- Minal Jilla

FRUIT TREE SAPLINGS PROJECT

The fruit saplings planting project is a District Thrust Area Project. The concept was born when Rotary discovered the plight of poor farmers unable to sell their produce in the market place and had to be at the mercy of middlemen who would give them pittance for the produce. The project has two dimensions, one is to assist the farmer grow fruit trees and the second is to help him reach his produce to the market place subsequently. The project is designed primarily to distribute fruit tree saplings to farmers who own a plot of land in villages near Vikramgad in Palghar district. Planting of fruit trees promotes awareness about the benefit of fruit trees amongst the villagers and would attract more villagers to come forward to benefit from this programme. Saplings of various fruit bearing trees like moringa, limes, papaya, bananas, guava, custard apples, mango and cashew are being distributed.

These saplings are indigenous and conducive to the intended environment benefits -

- 1) Reducing the impact of global warming.
- 2) Green urban areas and water conservation, stabilizing ground cover
- 3) Food security
- 4) Promotes healthy ecosystem, increasing biodiversity

5) Balancing the need for agricultural lands by providing spaces in urban areas for food cultivation.

Getting involved

1) Our member contribution in this project will go a long way in uplifting the life of and individual farmer family.

2) NGO global Parli are partnering Rotary in this project and are committed to supervise and give full technical support to the farmers so that the farmers do it the right way and they can start reaping fruits within 2-3 years.

3) With a small investment/contribution of Rs.12000/- given to the by way of saplings for his plot of land , the farmer can earn up to Rs.50000/- every year.

Distribution of Mobility Appliances

With the financial support received from Fuchs Lubricants (India) Pvt. Ltd. through Rotary Club of Bombay Mid-Town, a distribution camp was organized at NASEOH premises on Thursday, the 29th July 2021 and the following appliances were distributed to the identified and needy deserving beneficiaries.

Ms. Kanchan Poojary, Corporate Communication and Mr. Kiran from Fuchs Lubricants (India) Pvt. Ltd. graced the occasion and distributed the appliances. NASEOH acknowledges with grateful thanks the

financial support received from Fuchs Lubricants (India) Pvt. Ltd. and the continued support form Rotary Club of Bombay Mid-Town to help NASEOH in sustaining this core activity of NASEOH even in this challenging times.

Sr. No.	Name of the Mobility Appliances	No. of beneficiaries
1	Caliper & Braces	16
2.	Prosthesis	17
3.	Axil. Crutches	02
4.	Walking Stick	01

JULY FELLOWSHIP AT FARIYAS HOTEL

" Let the good times roll "

- Maharukh B Nariman

MEETINGS / EVENTS

Guests Speakers in July 2021

Role of Media in Influencing Civil Societies

On 7/7/21 Dr Mukesh Sharma, spoke on a very important and relevant topic in todays day and age - Role of media in influencing civil societies. Dr Sharma was responsible for the turnaround of Doordarshan and started his career at Doordarshan Lucknow. He likened todays media like a Raavan with 10 heads (1) TV (2) Radio Stations (3) Cinema (4) Animation (5) Bill Boards (6) Music (7) Live Entertainment (8) On line gaming (9) Digital (10)Social Media. The two most relevant are streaming and social media.

There are no broadcasting laws in place for the TV Media today in India and there are 900 odd channels to contend with, as a result we are now more fragmented as a society. We don't have a broadcaster that is independent. The need of the hour is to be careful and not spread poison, there should be a wholesome balance in reporting and Prasar Bharati should be an autonomous body with public funding like BBC, Deutsch Weller. On social media fake news travels the world six times faster. Technology being so easy that one can create fake news and people don't have time to verify the facts. It is important to plug fake news, by simply not forwarding. He fielded some very interesting questions by members with aplomb.

Humour in Advertising

On 14/7/21 Paritosh Joshi, spoke about humour in advertising. He is a multifacted personality, a veteran in his field, he is the head of Provocateur Advisory, and is founder CEO Star CJ network India P Ltd. He peppered his talk with displays of cartoons, and said the best way to resolve tension, in a pleasing way is with humour. In advertising, humour enables you to pick up an audience, one has to woo the target audience with humour. An example of Ceat Tyres ad, shows a person riding a bike in a congested road in Mumbai, when a cyclist hops infront of him, a pedestrian crosseswithout looking and the biker has to apply the brakes suddenly, which

the tyres are able to take without skidding! Another humouros ad which is not at all glitzy and glossy, simple but funny...Thaggu ke ladoos...a famous ladoowalla in Kanpur... I stole your heart by giving you sweet ladoos, was the essence of the ad. In a lighter vein, he pointed out that people like to go to doctors who don't take themselves seriously, and put their patients at ease, with their sense of humour. People, he says like people who like to laugh at themselves.

Covering Natural Disasters - Responsibilites & Challenges

On 28/7/21 Ms Vinaya Deshpande, Mumbai Bureau Chief of CNN News 18, speaks on roles, responsibilities and challenges for covering natural disasters. She has covered scoops in defence deals, oil spills and the recent floods in Maharashtra, which she says is a disaster of a massive scale. Visuals of a disaster are too huge to shrug off, especially in rural areas, where villagers though are very resilient are unable to cope, they need potable water, chlorine tablets, pain relievers, covid testing could not be done, and people are uable to wear masks. She went with the Indian Army to cover the rescue operations in Sangli, which saw zero casualties with two lakh people evacuated.

The army did a commendable job and went beyond the call of duty. She mentioned that journalists do this kind of reporting to make us aware of the situation, if they did not do it, then there are people who can deny the gravity of such disasters. She also brought out the positive side of situation by showing how random citizens come out to help in such times, by doing selfess acts like cleaning the drains or warning the public about open drains. We all admired this lady for her courage and conviction, who simply loves her job, despite the inherent dangers!

• MEETINGS / EVENTS Guests Speakers in August 2021

Simultaneous Elections - an Excellent Idea or an Awful Idea

On 4/8/21 Mr Dorab Sopariwala, Editorial Advisor for NDTV spoke on the topic of Simultaneous Elections – and excellent idea or an awful idea? The idea of simultaneous elections was first floated by Mr L K Advani. Most European democracies have such an arrangement, however it has not worked satisfactorily and in UK, Spain, Italy, Germany, many elections were held. In Germany the Bundestag cannot be dissolved unless by a constructive vote of no confidence, hence no fixed term Parliament can be dissolved by vote of no confidence. In India national elections are held on time, but not the state elections. We are in election mode all the time as now the state elections are taking longer to complete, than before, despite progress being made in infrastructure. If therefore elections are held

constructive vote of no confidence, hence no fixed term Parliament can be dissolved by vote of no confidence. In India national elections are held on time, but not the state elections. We are in election mode all the time as now the state elections are taking longer to complete, than before, despite progress being made in infrastructure. If therefore elections are held simultaneously, although there will be cost saving, the whole country can close down for 90 days or more! What is the impact on democracy if the Central Govt falls after 2 years and no Govt can be formed? How will the Govt function? How will the budget be passed if there is no Govt, because of the simultaneous election pattern to be followed? The country cannot run indefinitely on Presidents and Governor's rule.

Handling Stress During the Pandemic

On 11/8/21 Swami Purnachaitanya, a spiritual guide and an enthralling story teller spoke on Handling Stress During Pandemic – Mastering the Mind. While in SA during the lockdown, he wrote a book on how to deal with the changing world. Everything around us can change any time, and then you realise that unless you know how to manage your mind you cant cope or sleep well at night. Meditation teaches the mind to be focused and relaxed at the same time, and the mind functions best when relaxed. He advises that one should live one's life as an should live one's life as an expression of

happiness instead of in pursuit of happiness. Live for the moment, we are on earth for a special purpose and God has given us skills to achieve that higher purpose !

" Care, Share and Rejoice "

18/8/21 Desiree Punwani spoke on Hopelessness to Shining Self. She spoke from her heart, narrating her own experience of overcoming alcohol addiction. She is a certified councilor and draws she strength from Buddhism, and has authored a book "In High Spirits". She was so addicted that she needed alcohol to function, she attended AA meetings, which didn't help. What helped was her determination to be a good mother to her young children, she helped was her determination to be a good

mother to her young children, she stated basic steps like, simplify and purify your life, get rid of baggage, care share and rejoice, take responsibility for your actions, by admitting to your addiction, one can avoid being insulted. An interesting point she brought out is that anger, greed, need to control people, drinking too much coffee, computers games can all be addictive. One must leave a good legacy for the children, and so being paranoid and neurotic does not help, what helps is the support of the family, which she received in plenty.

" Each One Teach One "

On 25/8/21 Jyoti Tanna spoke on the topic of My Journey Leading To Founding of Each One Teach One. Ms Tanna spoke at length with emotion about her very difficult youth. She had 17 siblings, one of 9, girls born in a Sindhi family, that migrated from Pakistan during the partition. Times were very tough and the family could not eductate all the childred, however the brothers were educated, and she was not which made her a very bitter person. Her sister enabled her to complete her matriculation, her brother managed to get her admission in a college but could not afford her fees. She managed to get a job at Motwane's , then at Mazgaon docks. Her journey to founding the EOTO scheme began when

after her marriage to Mr Tanna, she would notice 5 children sitting on the footpath with school bags and begging at the signals, upon enquiring she found out that the children could not afford books and uniforms, so were not permitted to enter the school. They would go back home after school time was over, making the parents believe that they were in school all along. She decided to pay for their fees and uniforms. 3 students completed the schooling, 2 ran away. This prompted her to start educating the street children. EOTO was founded in 1984, funds came in from her friends and very supportive husband and in laws. Today there are 5000 children studying in Palghar, Neral, Virar. Ex-students are the backbone of EOTO and the children are provided with books, education and food. What a fulfilling journey for a lady who suffered in her youth and gave her all, so that other children do not feel the pain of lack of education, like she did!

" MEMORIES MADE TOGETHERLAST FOREVER" Lonavala Getaway

Our Club organized a two day picnic at Fariyas Hotel, Lonavala. It had been a long since our Rotarians had ventured out. It was arranged by the Fellowship committee headed by Rtn. Manmohan Lalvani and Rtn. Ashwin Ankhad. The members reached Lonavala on 29th August and enjoyed a scrumptious lunch. Thereafter a high tea with delicious snacks followed. In the future evening there was a magic show to entertain the members after which played games and refreshed their memories of advertising taglines besides other interesting games. Rtn. Jagar Thakur had organized karaoke and DJ during cocktail hour. The members enthusiastically participated in the singing and dancing. Dinner was a lavish spread of food with live counters for chaat, pasta and Mongolian food. Next morning, there was a yoga session followed by a delectable breakfast. A few members had to leave since it was a working day while others enjoyed another fun-filled day.

PARTNER NEWS

Inner wheel Club of Bombay Mid- Town

Installation of the President

Aarti Gautam was installed as the President on July 13, 2021, and the journey of the club for the year 2001-22 began. Aarti in her Presidential Address enumerated some very good plans for the forthcoming year: Playground for Aanganwadi at Potkhal and possibly at Utavali school, Participation in solar electrification in the forest areas of Dahanu, along with Rotary District 3141, fruit tree plantation at Palghar for the economic upliftment of marginal farmers; a district project at Wadia Hospital and a district rural water project.

Club Projects

a) Raksha Bandhan was celebrated in BKM School on July 19, 2021. Rakhis were brought by PP Asha Bhatia, Reynold's pens by Rajulben and snacks were distributed on behalf of the club.

b) The star highlight for these two months was a webinar "VEDANTA FOR SUCCESS in LIFE". The speaker was Neema Majmudar. She is an excellent speaker and gave a good, holistic insight into the ways and means to make life successful, peaceful and content. The webinar was very well attended not only by Inner Wheel members, Past Rotary Presidents, Rotarians, District Chairman Sunita Jain, and Innerwheel District members. The program was very well-received. All due to the efforts of PP Asha Singh and President Aarti Gautam.

a) Our club was recognized for its efforts towards achieving the IIW President's goals in 2020-21and presented with a citation.

b) IPP Deepika Amin was awarded The Outstanding Achievement Award 2020-21

District Environment Projects:

Sapna Punjabi is the representative for the Environment Project.

a) Seminar on "Save Mangroves, Save the Earth" was attended by some of our members.

b) Plantation Drive: This is a Rotary District Project – "Fruit Tree Plantation Project". Rs 42,000/- has been donated to the Rotary Club by the Inner wheel.

c) International Mangrove Day was celebrated virtually. A mangrove tree was planted by clicking on the link provided and an e-certificate was also generated. SHED Project: Requirement of raincoats for school-going children of Kiraipada, Khodali, Karsonada and Sonave. Our club participated in this project and 153 children have benefited. E-literacy Program: Microsoft Word and Excel will be taught online. Only Inner Wheel members can avail of this facility. Many of our members have participated.

1. "Help a Child Project" for Adivasi Ashram School, Shantivan. Monetary help was given by Innerwheel. This will impart holistic education, clean and green environment and hygienic conditions. 20 children received our help.

2. The school also keeps 26 cows to supply milk to poor families. Donation for green fodder for the cows was also given. Stree Shakti: Training for women in baby care, elderly care, housekeeping and rickshaw driving. Nine ladies have been sponsored, 5 for baby care and 4 for elderly care. They will join a Government sponsored program and possibly get employment later.

ROTARACT CLUB OF BOMBAY MID-TOWN

PROJECTS UNDER COMMUNITY SERVICE

Directors: Rtr. Husain Zakir & Rtr. Arwa Bharmal,

1. A Blood Donation Camp was organized at Chhatrapati Shivaji Maharaj Station Mumbai, in association with Project Rise, Sir J.J Hospital Blood Bank and other 3 Rotaract clubs.

2. Rotaract Club of Bombay Mid-Town in association with Beach Please India conducted a Beach Clean-up drive at the Mithi River located at Mahim Causeway Slope on the 12th of September.

PROJECT UNDER PROFESSIONAL DEVELOPMENT Director: Rtr. Aly Rangara,

1. Fin intelligence was a Financial Intelligence and Investment webinar that was conducted on the 14th of August, 2021. This webinar was initiated by BIAP.

PROJECTS UNDER INTERNATIONAL SERVICE Director: Rtr. Mehlam Saifudeen,

1. UN World Photography Day Contest Rotaract Club of Bombay Mid-Town held an International World Photography Day on 19th August where a google form was sent out to individuals willing to participate. The Lucky winners and the rest were awarded E-Certificates.

ROTARACT CLUB OF LALA LAJPATRAI COLLEGE

The Rotaract Club of Lala Lajpatrai College began its 12th year with an amazing start by conducting the 12th Installation Ceremony - Platform 12 on 30th July. The club in the span of 2 months of July & August conducted more than 25+ projects and meetings along with the club members, other club rotaractors, district council members, alumni, Rotarians and Innerwheel wheel club members. Some of the Highlight events of the Club done in these months are as follows, World Population Day, Respect your Tricolour (Celebration of Independence Day), Breastfeeding - A shared Responsibility, Clash of Biz, etc. These projects have not only made a change and created a difference in society but also helped the members strengthen their bond.

ROTARACT CLUB OF KM COLLEGE

Several thrilling events were conducted by the RCKMKCP, kickstarting with celebrating International Yoga Day to highlight the importance of Yoga followed by an event, Think Green,Live Green' on the event of Van Mahotsav, where a quiz about nature was conducted, participants were also asked to send in their photos were they captured the mesmerising beauty of nature. The next event,Mind Map Meister was an exciting event where mind maps were made by club members to create an awareness about Hepatitis on World Hepatitis Day. The next event was conducted on 'World Breastfeeding Day' where an informative flyer was prepared followed by a

quiz. The event was followed by a poster making competition on the the topic 'Digitox:Switch off for digital detox' in which we showcased a better alternative to adopt better lifestyle devoid of digital devices. An event dubbed 'Talentia' was also conducted where students had to send a video showcasing their talent or skill in it giving them an opportunity to venture out of the box and nurture their talent. The club participated in a District Project called R.U.O.T an online gaming competition which resulted in wonderful victories by the members of RCKMKCP.
